Dear Carpark Client,

Please be advised that we have recently conducted a review of our parking operations and as such we are writing to inform that as of **July 1st, 2017** we will be increasing the rates for reserved and visitor parking. We will also be introducing new guidelines designed to restrict the amount of outside parkers currently using the facility who impact on the availability of space for both of you, our tenants and your visitors. We would like to point out that this increase will be the first for over two and a half years the last being in October 2014, you will appreciate that our operational cost have increased substantially during this time however our rates are still extremely competitive when compared to other commercial buildings in Makati.

We have attached a schedule of the new rates and guidelines for reserved and visitor parking.
